To be completed by the Exporter						For office use only				
HDL	Breeder	Breed	Males	Females	Total	recvd	checked	finalised	printed	signed

This form should be submitted to the BPA as soon as you know the shipping date and numbers of pigs. ie after selection. Please advise us at least 4 weeks in advance of the shipping date. We will issue a batch number. Breeders should quote this batch number on their Herdbook Application Forms. Exports are processed as a batch. We need all the pigs to be registered a minimum of two weeks prior to the date you require the certificates. You may include up to 10% reserves. We will issue export certificates in advance of the shipment for all the pigs including the reserves. We can issue the certificates as a PDF file for e-mailing as well as on paper with the official seal. Once your packing list is finalised we will invoice for the pigs that were actually exported. If we have not heard within 7 days of the shipping date we will invoice you for all the pigs. The herdbook registrations are not refundable. If you need more space for breeders please use additional copies of this form.
